

Hello everyone,

Well done to all our 2019/20 trophy winners, I'm sure you have all seen your lovely photos posted on our website/Facebook page, and thanks to our great photographer, Sally. It was great to see so many of our members at the AGM last Sunday and the room, including the use of the electronic equipment, available at the Sunseeker Room really made for a great venue. Due to family commitments, our Patron, Steve Morris, was unable to attend the meeting but we are delighted that he is very happy to continue in his role. Thanks, Steve, for your continued support of our club.

Welcome to Ian Savage, as our new green keeper. A very important role in our Club, without a good green - no bowls! Ian has refused the usual remuneration for this work and has very kindly donated it back to the Club, so a huge 'thank you' to Ian for his generosity. Thank you also to 3 members who have agreed to help with the Sponsorship role. They will each work within their own individual aspect of this important role.

Papamoa Bowls have received \$523.22 from BOP Resilience Fund to help towards any loss of income we may have incurred during COVID 19, for which we are very grateful. This will certainly help towards prize money for the winter season whilst some of our sponsors are on hold. We thank all our sponsors for their kind contributions and wish all businesses a speedy recovery from the hardship of the last few months. You will see our sponsors names listed in our handbook. Please take a few minutes to check out their names and be sure to try and use them if you require their services.

The Honour's Board is now back from the printers and on the club's wall, showing all updated winners' names. Thanks for organising this Don.

At the AGM a remit was recommended that Papamoa Bowls become a no-smoking club, today that motion was passed and we are pleased to announce that of 13 July 2020 Papamoa Bowls is now a no-smoking/no-vaping Club.

It has been suggested that, because of last summer's exceptionally high temperatures, roll ups after Christmas should start at 9.30 am. This seems like a really sensible suggestion, which will hopefully work well. The sponsored 2x4x2 days last year did not seem to work too well, so we thought we would try holding just one a month during October to March, more details later in the year.
